## Greater Phoenix Teen Program Directory

## What is J Teen Connect AZ?

J Teen Connect AZ of Greater Phoenix is an all new effort (now housed at the Valley of the Sun JCC) that aims to ensure that families of teens know about all of the teen happenings available to them in the community. We are working towards developing a web site that will serve as a centralized information hub and a monthly e-news of upcoming events and recaps of past programs for all J Teen Connect subscribers.

**"Too busy" you say?** These experiences are worth making time for —life-changing opportunities that lead to a sense of belonging and that create bonds that will last a lifetime.

**Teen says "No Way"!** Some things in life are non-negotiable. Consider the "5 Time Try" — have your teen try a program **at least 5 times** before expressing an opinion about it. They don't know what they are rejecting until they have given it a meaningful try (going once or twice is often NOT enough).

**Teen says "Don't know anyone going!"** These groups have great teens already involved who will personally reach out to your teen. Just let them know you'd like this! Also, if you make it non-negotiable, they also may be motivated to find friends to go with them!

**This has been the key to success for MANY teens  
who are now involved!**
